

MEDICINE PARK AQUARIUM & NATURAL SCIENCES CENTER

Sponsor an Aquarium or Exhibit!

The Medicine Park Aquarium & Natural Sciences Center will be a new and exciting supplement to biology and science curricula programs for school kids throughout southwest Oklahoma. Your sponsorship of an aquarium or exhibit is one of the most visible ways to help provide a wholesome family attraction for the entire region.

Different sponsorship options are available. Your tax-deductible gift offers you the chance to have your company or individual name on a plaque affixed to an available aquarium or exhibit of your choice. This is also a great way to recognize a family member or memorialize a loved one.

*Be one of the first. Choose your favorite today!
Sponsorships begin as low as \$2,000.
(Payment plans are available)*
